

*Lighting Candles
Worldwide Mission
Statement*

It is our belief that children need both of their parents and deserve their loving grandparents.

We believe that all children have a right to both of their fit and loving parents as well as all of their loving grandparents and extended family.

We plan to bring awareness to this issue by lighting the whole world, one candle at a time.

Our plan is to light candles in every town in every state and in as many countries as we can reach, on the same day at the same time.

We hope you will join us in our efforts.

Lighting Candles Worldwide

THREE SIDES TO EVERY STORY, INC.

Mission Statement.

Our mission at Three Sides to Every Story is a very simple one. "Unity" for children and their families after divorce or separation is our goal.

Our founder found herself in the middle of the battle of her life when her son lost his children through divorce. The lies and fraud that were committed to keep these children away for eight very long years was something she did not want to relive...for she herself is the product of the same abuse and deception as a child.

We strive to bring awareness to the plight of the children and their families.

No child deserves to go to bed at night with the feeling of not being loved by both parents and both sides of grandparents and all of their extended family.

Our goal is to educate not only both parents, but to bring awareness to all those that help make the laws of our land.

"Children Need Both Parents"

and by all means

"They Deserve to Have Loving Grandparents"

LIGHTING CANDLES WORLDWIDE

Imagine for a moment Lighting Candles World Wide and all at the same time. Imagine your child knowing we are Lighting Candles World Wide just for them.

We have given this a lot of thought and we have come to the conclusion that everyone can light a candle at their home or in their home town at a designated place.

You can be apart of Lighting Candles World Wide to show a united front for the children and their need to have both parents and grandparents in their lives.

We have chosen **December 18, 2008** for our first annual Lighting Candles World Wide which is exactly one week before Christmas, this is the hardest time of year for those missing their children, but especially for the children who are missing a parent or grandparents or in some cases siblings and of course their extended family.

We realize that in far too many cases the children pay a very hard price for the actions of their adult parents. We are asking everyone to come together on this very special day of Lighting Candles World Wide. One candle lit from each and every one of us at the same time will make a vibrant light world wide and make this a very special Christmas.

We believe if asked, a child would pick both parents instead of just one. We also believe that a child should not be forced or tricked into giving up a parent because the other parent no longer needs or wants that parent.

We are asking for everyone to put the children first and allow our country to heal the family. There is nothing more important then family. There is no greater gift then family.

Our second annual Lighting Candles World Wide will be **April 25, 2009**.
